Dear Tax Exempt Customer,

We have received and processed your sales tax exemption certificate. Attached is a printout of the information that has been set up in our files. Please check your tax identification number, business/organization name and address for accuracy. Contact me at (704) 633-8250, extension 3406 if corrections are needed.

When you shop, please stop by the customer service office and let them know you need to purchase tax exempt. A barcoded slip will be printed for you to give to the cashier when checking out. If there are questions, please have the store call us at extension 3406.

Please be aware that, depending on the nature of your tax exempt status, certain states may restrict the products that can be purchased tax exempt. You are responsible for verifying the tax exempt status of the products you purchase. In the event you purchase products on which sales tax should have been charged but was not, you may be responsible for remitting the sales tax to the appropriate state authority.

Also, in the event your tax exempt status is based upon your status as a wholesaler, please be aware that our organization is contractually barred by the manufacturers from selling cigarettes and tobacco to wholesalers and other retailers.

We reserve the right to limit quantities on certain items.

Thank you for shopping with us. We appreciate your business.

Sincerely,

*Wendy Trayah*
